TEST PRAYER

Now I lay me down to study, I pray the Lord I won't go nutty.
And if I fail to learn this junk, I pray the Lord that I won't flunk.
But if I do, don't pity me at all. Just lay my bones in the study hall,
and tell my teachers I've done my best. Then pile my books up upon my chest. Now I lay me down to rest. I pray I'll pass tomorrow's test. If I should die before I wake, that's one less test I'll have to take.

AUTOGRAPHS

ONCE YOU WERE HERE,
NOW YOU'VE GONE.
THE KING HAS NOW TAKEN
ANOTHER PAWN.
YOU MADE OUR GREY SKIES
TURN TO BLUE.
WE NOW FEEL A LOSS,
UNDOUBTFULLY YOU
AS YOU HAVE FOUND,
WHILE YOU BEGIN AGAIN.
LIFE IS A MOST,
BITTERSWEET FRIEND.
TO THOSE WHO KNEW HIM,
MAHOGANY MAGIC,
A LIFE SO SWEET,
A DEATH SO TRAGIC.

PRINCIPAL

Bagby, A. Marie

Over many a city old, famed in song and story,
Temple grey and castle hold catch the sunset glory.
So our Alma Mater proud looks 'er vale and meadow
High between the sailing cloud and its drifting shadows.
For her colors, first the blue of the April valley's
Then December's wintry here when the storm winds rally.
Barringer, the fame we raise, many voices blending;
Through the years we pledge the praise loyal to life's ending.

In the past the science department has awarded prizes to seniors for excellence in Biology, Chemistry, and Physics. This year, in honor of Mr. Otto Melito who has retired, the science department has established the Otto Melito Awards accounts. We will, for the first time, present the Otto Melito Awards to a select group of students for excellence in the various science disciplines.

The B.H.S. science department believes that all students, regardless of their educational or vocational goals, need to have a broad knowledge of science in order to take in to-day's technological society. For this reason our curriculum has been developed to offer all of our students this type of background.

In addition, the department strongly feels that science is a discipline which becomes meaningful to the individual when it is experienced. Therefore our entire curriculum is built around the laboratory approach to teaching science. It is here where the student reinforces the textbook learning process and develops his skills and abilities to reason.

ORCHESTRA

Ms. Doerfler: Orchestra Advisor. A fantastic Orchestra Advisor.

"This group of people can really give a wonderful show. Ms. Doerfler has done a terrific job."

Troy Boze. "This junior has got it together." No matter how long it took.

I've got it now.

When people attend Barringer graduation ceremonies or the school play, Christmas, Winter or Spring concerts they are entertained by a hard working and unknown group of musicians; this group spends many hours after school rehearsing for the various school functions. Each member is required to have played 2 years, playing at a Jr. or High School.

The "Defending State Champs" once again are among the elite of the power-houses of the state. The team gave us a big scare when they lost their first two games against Union and Shabazz but under the fine direction of Coach Rivers, Carl and Co. gave the opposition a fierce struggle and a run for their money. Troy Chandler, Carl Holmes, Brian Johnson, Jerome Ward, Trevor Striegler and Wayne Turner are all fine athletes and may it be said that this was another superb season in which together we showed other schools that the "Big B" R O C K E D the Housell

The Graduating Class of 1981
A PERSON WITHOUT A MIND OF THEIR OWN, YESTERDAY,
TODAY AND TOMORROW

Here is a soul without a desire!
Here is a person without a purpose in life.
He or she is acting very foolish.
Like a plant he or she wants nothing and expects nothing.
Their lives are without dreams.
A soul without a tomorrow, is a foolish person with only
yesterday, having only a memory of life, he or she would have
had.
Happiness is only a frame of mind!
Loneliness is a condition of the body and mind together.
Today we live, Yesterday we loved, Tomorrow we die.
Think about it our lives are but three days old, we find that
Tomorrow will last only a fraction of a second.
Today lasted only a fraction of a minute, Yesterday lasted for an
eternity. Truly we will have to say a person without a mind of
their own, have lived a fruitful life, and one of the most
everlasting "love."
May God bless you, and let him help you to decide. . .

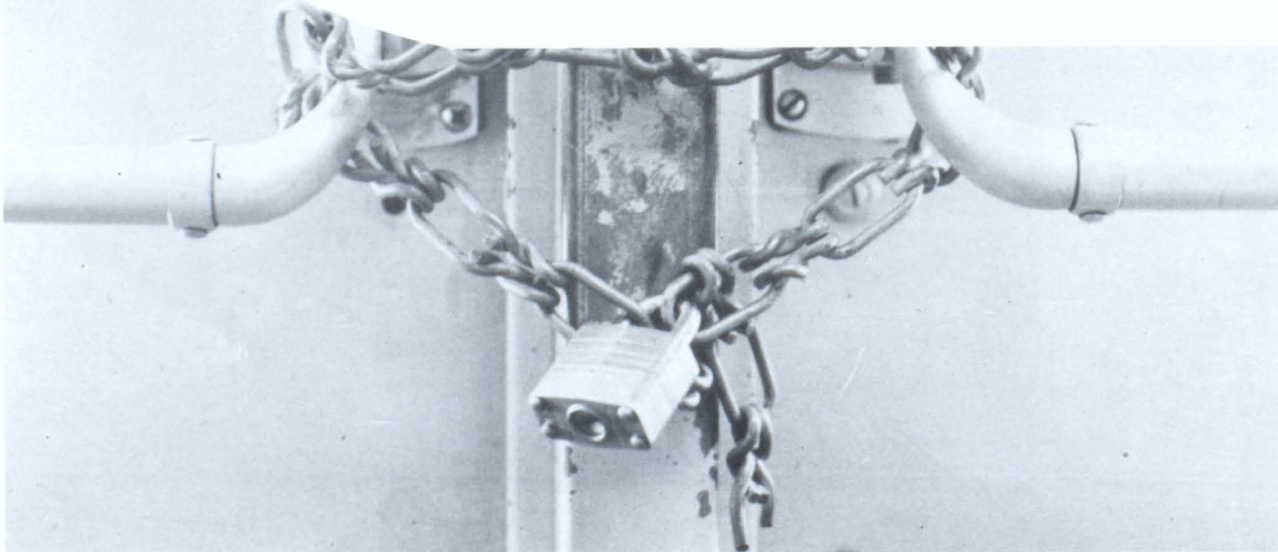

Love ya always
